Monday, April 11, 2016

Dear President Finkelstein:

This letter is to acknowledge the receipt of Congregation Leyv Ha-Ir~Heart of the City generous gift of summer reading books for our students. It is also to express our sincerest gratitude for the donations (*Tzedakah*) we received and continue to receive from your organization. Our middle year students will have the opportunity to continue reading this summer with the books "The Haunting of the Sunshine Girl" and "Red Queen" as they prepare for the next school year.

In this world today, it is important to recognize all contributions to our children because their futures are compelled by the examples we leave. It is important we recognize gifts (*Tzedakah*) as blessings and donations as salvage from current hardships. We are gracious to know that our community partners at Congregation Leyv-Ha\_Ir-Heart of the City envision our everyday quest and duty to guide our children to a brighter future with the teachings of kindness performed out the goodness of one's heart.

All in all, we hope to maintain our longstanding relationship and endeavors. Thank you once again from the Spring Garden Elementary School, "Where all children grow!"

Warmest Regards,

A handwritten signature in blue ink, consisting of several loops and a long horizontal stroke.

Ms. Robinson  
Principal, Spring Garden Elementary
